## Is Carpentry For You?

Do you like building, traveling and being outdoors? Why not consider a career that is fun and offers financial freedom. Carpenters measure, cut and shape wood, plastic, fiberglass and drywall. Commercial and industrial carpenters construct, erect, install and repair structures and fixtures. These carpenters are involved in many different kinds of construction, from buildings to highways and bridges to power plants.

### Average Salaries\*

\$56,877

annually

\$26.92 per Hour

\*Average base salary does not include overtime or incentives
